

TECNOMAX

ME20 – AUTOMATED EDGE BANDER WITH GLUE POT

The ME20 is a compact and reliable edgebander. Robust and complete for a workshop limited in space without however, compromising the productivity. Ready to use in less than 15 minutes with edge thickness varying from 0,4 with 2mm.

The ME20 comes equipped with:

- Electric control panel positioned on the upper machine part to facilitate its use in any working conditions.
- Telescopic front support with support rollers for a total surface of 1950mm X 550 mm (76¾" x 21½")

Technical specifications :

Working table dimensions	1950x300mm	76¾"x12"
Working table height	904mm	35½"
Min/Max edge thickness	0.4/2mm	
Min/Max working thickness	10/45mm	.4"/1.8"
Min. working length/width	180/65mm	7"/2½"
Motorized feeder speed	5 m/min.	16'/min
Trimmers cutting speed	12,000rpm	
Trimmer/copying devices speed	9,000rpm	
Carbide tip tools diam.	70 mm Z4-15 deg.	2¾"
Aspiration outlet diam.	120 mm	4¾"
Working temperature	20-200 deg. C.	
Feed motor power	0.18 kw	
Trimming motor power	0.37 kw	
Glue pot motor power	0.18 kw	
Total weight	270 kg	594 lbs
